in iPod® mode.

2.0 iPod® Installation

Follow the below steps to install your iPod® music player into the stereo docking station. *Note: Incorrect or improper installation may cause permanent damage to the docking station or the iPod® unit.*

| iPod® Installation Procedure			
1. Press down on this button to unlock iPod® dock.	2. Pull out iPod dock as illustrated. <u>DO NOT pull out the center connector stick for any reason.</u>	3. Press this button to unlock the iPod® retainer mechanism. *Note: some models do not have this feature.*	4. Pull out the iPod® connector stick as illustrated.
5. Plug in iPod® (A) to the stereo connector (B).	6. Push iPod® retainer brackets inward to secure device in place. *Note: some models do not have this feature.*	7. Push the iPod® connector stick inward until it stops.	8. Push the iPod® dock inward until it stops.

iPod® Removal Procedure			
Repeat steps 1-4 above to unlock and expose the docked iPod® player, then perform steps 5-8 below to remove iPod® from deck.			
5. Press inward on left and right iPod® connector buttons to release unit, then remove iPod®.	6. Push the connector stick inward until it stops.	7. Push the iPod® retainer brackets inward until they stop. *Note: some models do not have this feature.*	8. Push the empty iPod® dock inward until it stops.

3.0 iPod® Operation

1. iPod® Power
   Power is automatically applied to the iPod® after it is docked in the stereo deck. The iPod® battery automatically recharges, when docked. At this time, all iPod® controls are disabled and music play-back is controlled from the front panel of the stere. *Note: iPod® display reads "Ok To Disconnect" when docked.*

2. Select iPod® Playback Mode
   Press the MODE button on the front stereo panel. The display briefly reads ⎡iPod⎤, then changes to ⎡◉ Reading⎤ after several seconds (music playback starts automatically). *Note: At this time, you can press the front panel MODE Button repeatedly to select an alternate input source or to switch back to iPod® mode.*

3. iPod® Display Information
   This unit can display the Song, Artist, Album name and Elapsed time on the front stereo display. To display this information, press the AS/PS Button repeatedly while in iPod® playback mode.

4. Select iPod® Search Mode
   While in iPod® playback mode, press the BAND button to enter iPod® search mode, then repeatedly press this button to display the following search methods:

   • Play List
   • Artist
   • Album
   • Song
   • Genre

   Press the AUDIO button within 10 seconds to enable the displayed search method, then press the VOLUME (+) or (-) button within 10 seconds to navigate thru the files contained in the iPod. Press the AUDIO button to select & play the displayed song. *Note: Pressing the AS/PS button at this time quickly jumps back to the last upper level Album, Song, Play list etc.*

5. iPod® Song Select
   Press and release the Track UP (▶▶|) or Track DOWN (|◀◀) button to skip to the next or previous song. Press and hold The Track UP (▶▶|) or Track DOWN (|◀◀) button for more than 3 seconds to fast-forward or fast-reverse playback of the current song.

6. iPod® Repeat All Playback
   Press and hold the M3 button for more than 3 seconds during iPod® playback to enable the "RE-PEAT ALL" function. All songs in the current album will repeat playback until the function is disabled. To disable the "REPEAT ALL" function, press and hold the M3 Button for more than 3 seconds.

7. iPod® Song Repeat
   Press and release the M3 button to enable the "REPEAT PLAY" function. The current song will repeat until the function is disabled. To disable the "REPEAT PLAY" function, press the M3 button less than 3 seconds, then release.

8. Shuffle iPod® Album
   Press and hold the M4 button for 3 seconds during iPod® playback to enable the "SHUFFLE ALBUM" function. All albums contained on the iPod® will randomly playback. To disable function, press and hold the M4 button for more than 3 seconds, then release.

9. Shuffle iPod® Songs
   Press and hold the M4 button for 3 seconds during iPod® playback to activate the "SHUFFLE PLAY" function. All songs in the iPod® memory will playback in random order. To disable function, press and hold the M4 button for less than 3 seconds, then release.

4.0. Wireless Remote Functions

If the remote functions outlined below are non-responsive when attempting to operate the remote at a distance of 15 feet (45 meters) from your spa, refer to section 5.0 below for remote bonding instructions.

1. Power Button: Press once to activate the stereo deck; press again to turn stereo deck off.
2. Mute Button: Press once to mute audio speaker output; press again to re-enable audio speaker output.
3. Light Button: Press and hold for several seconds to activate white LED light (press and hold again to turn light off).
4. Audio/SEL Button: Press repeatedly to access most sound setup functions.
5. Mode Button: Press repeatedly to switch between Tuner, iPod® and Aux input modes.
6. Volume + Button: Press to increase audio speaker volume.
7. Volume - Button: Press to decreases audio speaker volume.
8. Seek/Track Down Button: Press to seek previous station in tuner mode. Press and hold to fast-reverse music playback in iPod® mode.
9. Seek/Track Up Button: Press to seek next station in tuner mode. Press and hold to fast-forward music playback in iPod® mode.
10. Band/Search Button: Press to select tuner band (FM1, FM2, FM3, AM1 or AM2).
11. Menu Button: Press repeatedly to access most stereo performance functions.
12. Top Button: Not Used.
13. Play/Pause Button: Press once to pause music playback in iPod® mode (press again to restart music playback).
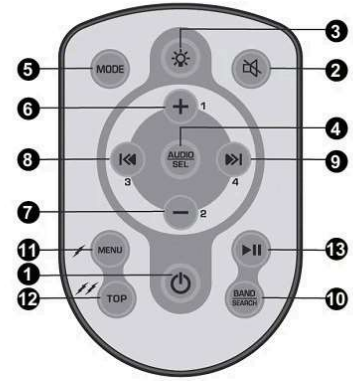

5.0 Bonding The Wireless Remote

The wireless remote must be bonded to the spa prior to operation. Position yourself within 15 feet (45 meters) of your spa, then perform the following steps to bond the remote.

1. Press and hold the 2) MUTE button for 5 seconds, then release; or
2. Quickly press and release the four corner buttons within 2 seconds: 1) MODE, 2) MUTE, 3) BAND/SEARCH, 4) TOP. *Note: These buttons must be pressed in the specified order to achieve bonding.*
